KERKMEESTER MARINUS BOEZEM

The Grote Kerk Veere and CBK Zeeland are proud to present the third Kerkmeester (Church Master): a visual artist of international acclaim who creates a work of art for the Grote Kerk Veere.

The new Kerkmeester is visual artist Marinus Boezem. You can see his take on this unique art project from 16 July until 29 October 2023 in Grote Kerk Veere. Find out how he was inspired by this ancient giant of a church.

Marinus Boezem was inspired by all the stories about Grote Kerk Veere and by the tower that was never completed. He created a site-specific installation that will only ever be exhibited at Grote Kerk Veere. Throughout his entire career, Boezem has always worked with the wind and time as his materials.

Now he brings the wind inside the church with an art installation that softens the church's architecture. The flowing curtains are being moved by the rustling ventilators. At the heart of the exhibition, there is a long table covered by a white linen tablecloth. The church tower, which was never completed, is being embroidered on the cloth. As time goes by, the tower will appear in cross stitches on the tablecloth.

THE OPENING

We would very much like to welcome you to the opening on Saturday afternoon 15 July 2023 at 15:00 hrs. Visual artist and writer Lex ter Braak will give an introductory lecture. He is the former director of the centre for contemporary art Vleeshal in Middelburg and of the Netherlands Foundation for Visual Arts, Design and Architecture (Fonds BKVB).
